HEAVY INTERNAL REVENUE TAXES ON BIG BUILDING

Monthly Collection Slightly Less Than Last Year From Natural Causes.

More than a half million dollars was collected during July by the office of Collector M. K. Lowry, Second Virginia District, United States Internal Revenue Department. For the past year the collections each month have been more than \$500,000, and steadily increasing. For the fiscal year ending June 30, 1911, a trifle less than \$7,000,000 was derived from the taxes on tobacco, cigars, cigarettes, liquor, oleomargarine and other articles and the corporation tax.

The exact sum taken in last month was \$531,210.15, while for the same month of 1910 the collections aggregated \$534,519.61. The slight decrease is attributed to the collection last year of the corporation tax, most of which was paid in July instead of June as this year. The excise tax was collected last year for the first time, and therefore there was some delay in firms making payments.

Other pending orders are one designed to regulate the sale of second-hand clothing and an ordinance to provide a public bath in the western part of the city for the convenience of merchants who now have to haul their dirty clothes to Seventeenth and Grace Streets.

PITTMAN WOMAN MAY BE WITNESS NAMES OF BLUES WHO FACE TRIAL

Reported That New Testimony Will Show Threats by Henry Beattie.

BEULAH HAS TOOTH PULLED

Taken in Taxicab to Dentist. Detectives Still Working on Evidence.

Henrietta Pittman, a Richmond woman, is believed to be the witness by whom the State will attempt to prove that Henry Beattie months before the murder, promised Beulah Binford to get rid of his wife. Located last night at the home of May Stuart, another witness in the case, at 221 Mayo Street, she denied she had been summoned or that she knew anything of importance bearing on the case.

Information from Norfolk, however, is to the effect that it is the Pittman woman, who once made her home on Church Hill, who had heard the direct assertion of Henry Beattie that he would get rid of his wife. She is reported to be a close friend of Beulah Binford, and it is believed that her testimony will be closely in line with that of Mayme Shafer and Ida Hildreth, two Norfolk women, who were examined here on Tuesday. According to the report, the Pittman woman was at the Norfolk race in company with the other women, including Beulah Binford, and there met Henry Beattie and others.

Planned Months Before.

It was during this time, so the report says, that Beattie begged Beulah Binford to come to Richmond with him, and that she refused as long as "that woman," his wife, was living, to which Beattie is said to have replied, "Leave that to me; I'll get rid of her."

If this evidence materializes at the trial, as forecast by reports from Norfolk, and by practical admission of the detectives in charge of the case, it would serve to indicate that the general idea of getting his wife out of the way had been in Beattie's mind for three or four months, and also to show his intention for a long period to get the Binford girl, now held in the Henrico jail as a material witness for the Commonwealth.

The Pittman girl last night entered a general denial, answering every question put to her in the negative, asserting that she knew nothing whatever of the Beattie case, and that May Stuart had told her, May Stuart, at the inquest, testified to visits made to her house by Beattie and Beulah Binford.

Officers in charge of the case were absolutely silent as to the part Henrietta Pittman may have in the case. They were of the opinion that too much of the Commonwealth's evidence had already been made public, giving the defense an opportunity to combat, and officers refused to deny or assert anything that might be used to the advantage of the defense. The Pittman woman would be called as a material witness. It was admitted, however, that she was a close friend of both May Stuart and Beulah Binford. Just what she may have heard Beattie tell Beulah Binford as to his plans remains for the jury to hear.

Beulah Has Taxicab Ride.

Beulah Binford had a taxicab ride yesterday afternoon, though she did not enjoy it as much as under other circumstances, since it was for the removal of a tooth. For a day or two she had complained of a tooth. Yesterday afternoon County Officer Jarrell and Deputy Sheriff Snyder made arrangements, called a motor car, and took her to a dentist who extracted the offending tooth. On her return to the jail she expressed great relief, and said that she was otherwise comfortable. She is hoping the officers will allow another motor car ride some day, with a different destination, as she is tired of the jail.

Coast Line Earnings.

White the receipts of the Atlantic Coast Line Railroad Company for the past year, ending June 30, a statement of which has just been issued, show an increase of nearly \$2,000,000, and operating expenses and taxes also increased to such an extent as to work a reduction in net receipts from those of the preceding year. The decrease was \$2,892,825.

The year's receipts were \$21,622,449.24, against \$20,126,778.78 the prior year, a gain of \$1,495,670.46. Operating expenses, including taxes, amounted to \$21,727,867.75, an increase of \$1,904,669.89 over the previous year, when they were \$19,823,197.86. This makes the net receipts for the year just ended \$9,894,581.49, as against \$9,887,159.83 for the year ending June 30, 1910.

For the month of June, 1911, the receipts were \$2,322,123.54, the operating expenses and taxes \$1,849,543.95, and the net receipts \$482,579.59. The figures for the same month in 1910 were: Receipts, \$2,194,977.61; operating expenses and taxes, \$1,628,148.63; net receipts, \$566,828.98.

NEGRO DETECTIVE HERE

In After Criminals of His Own Race, Will See Governor.

Frank Walker, a colored detective and special deputy sheriff in several counties in Mississippi, is in the city, and will call on Governor Mann with his credentials this morning. Walker says he is a good Democrat, and finds no fault with the administration of the law. He confines his work to the capture of criminals of his own race.

The officer claims to have nearly captured a desperate fugitive while on a train en route from Charleston, W. Va., to Richmond, on Tuesday. He recognized, he says, a man named Mack Collins, alias "Georgie," who is wanted under sentence of death for murder in Memphis, Tenn., and who broke jail after his conviction. The man ran off and escaped on recognizing Walker. He is also after one Tom Jones, wanted for murder at Nashville, Tenn.

Walker was formerly in the army, and served in the Civil War. He is now in the employ of the Government of Tennessee. West Virginia, Florida and Kentucky.

VIRGINIAN ROAD MAY SOON BE SOLD

New York Central Believed to Be Contemplating New Line to Norfolk.

RUN FROM CONNELLSVILLE

Railroad Men Speculate on Big Developments in This State.

According to beliefs in railroad circles, it looks like the oft-repeated report that the New York Central will acquire the Virginia Railway will become a part of railroad history. When the extension of the Western Maryland is built into Connelville, Pa.—and it is reported that trains will be running into that city by November 1—it is rumored that the New York Central will build a connection to reach the Virginia from Connelville through West Virginia and Virginia, to Norfolk. The plan is to build a line from Connelville to Norfolk, and it is regarded as probable that the New York Central will acquire this road also. The line and the Virginia Railway, which will be about 175 miles long, and the line from Norfolk to Roanoke, Va., will be about 175 miles long, and the line from Norfolk to Roanoke, Va., will be about 175 miles long.

Inspection of the names of twelve of the thirteen members of the Richmond Light Infantry Blues who will be tried by court-martial on August 31 on a charge of disobedience of military orders shows that one of them is a hospital steward, one is a corporal and nine are privates. The list was made public yesterday.

The names of the thirteen men is still withheld from publication, but there seems to be a possibility that they may escape trial. The merits of a case are unknown.

The twelve men are accused of a breach of military discipline in failing to obey orders to go to camp at Basic City, from July 16 to 23. They are as follows:

Company A—Private George C. Fairbank.

Company B—Private Malcolm J. Rawlings, Private John H. Brent, Private Robert L. Gilles.

Company C—Corporal Robert B. Proctor, Private Lewis H. Cox, Private Landon M. Jackson, Private Samuel Hughes, Private John G. Leland.

The man whose case is being held up is said to belong to the new Company D.

Not Allowed to Go.

As stated in The Times-Dispatch yesterday, it is expected that the defense of at least some of these men will be the refusal on the part of their employers to permit them to leave the city to attend the encampment. In some instances, it is reported, threats were made of dismissal if the men obeyed the military orders.

Should this be brought out at the trial, it is expected to result in a clearer understanding between the military authorities and employers as to the binding nature of the oath of enlistment taken by each man who joins the military service, and such compliance with the orders of those in authority has not been demanded, but it was felt by the officers of the Virginia Guard of this State to be a breach of the standard demanded by the War Department, and if it is to be made the recipient of Federal pay, the men must be given the necessary training, not the least important part of which is felt to be comprised in a first hand study of the duties and responsibilities of camp life and of the drills which are a part of the training there.

Said to Have Removed.

It was reported yesterday that Color Sergeant Breazeale is now residing in Newport News, and attends only at the station when he is called to court. The attendance of one who holds his position is not required at the regular company drills. It is further stated that Private Leland has been in New York for some time. If these statements are true, there is some speculation as to whether the men are being held in the city or if they are being sent to the front.

MUCH JEWELRY STOLEN

V. Grande Reports That His House Was Entered by Thief and Robbed.

V. Grande, of 320 West Grace Street, reported to the police yesterday that his house had been entered some time Tuesday night and robbed of \$500 worth of jewelry. Both Mr. Grande and his wife were out at the time. The thief entered through the back door, which was unlocked. The thief was seen by the wife, who screamed and fled to the front door. The thief then entered the house and stole the jewelry. The wife then called the police.

PLAN TO INDORSE MARTIN'S RECORD MAY CHANGE DATE OF ROAD MEETING

Home People of Senator Martin Will Have Demonstration Next Monday.

Elaborate plans are in the making for the demonstration in favor of the candidacy of Senator Thomas S. Martin, which will take place at Charlottesville on next Monday. Party leaders from all over the State are expected to be present, although the affair proper is intended to be purely local, and will be in the hands of the neighbors and fellow countrymen of the senator.

The demonstration will be held at noon on Monday. In the event of fair weather, it is expected that the gathering will be held on the court green, since it is hoped by the men at the head of the movement that the demonstration will be far too large to hold in the city. Were it not for this, he would gladly have been present.

The action is in the underground district, and some doubt exists as to whether a permit could be issued, but the company was assured that it could go ahead with the work and apply for a legal way of granting a temporary permit.
